

## Things you should know

### National Australia Bank Group Superannuation Fund A (NABGSF) As at 30 June 2021

**Where did that year go? It feels like only yesterday that we sent out last year's statements. It's nice to take a moment to reflect on what we've all achieved in that time. Whether it's something big or small, be proud of what you've accomplished. Now that you've seen how your super has been tracking in your statement, we'd like to let you know about some of the things we've been up to over the past 12 months and some important changes to your product.**

#### Our new beginning with IOOF

**We're excited to now be a part of IOOF.**

On **31 May 2021**, National Australia Bank (NAB) sold MLC to wealth manager, IOOF Holdings Ltd (IOOF). IOOF has been helping Australians plan for and achieve their financial goals for over 170 years and has grown to become a leading provider of quality financial advice, investment, superannuation and trustee products and services.

While it's been a big change for us, for you things have stayed pretty much the same. You're still a part of the MLC Super Fund with NULIS Nominees (Australia) Limited as Trustee and there's been no change to your fees, product or services.

We've set up a dedicated website with all the information about our sale to IOOF. To find out more, visit [plum.com.au/ownership](https://plum.com.au/ownership)

#### Buy/sell spread changes

Each individual fund manager reviews their fund's performance and makes appropriate changes from time to time.

When assets in an investment option are bought or sold, costs such as brokerage, stamp duty and settlement costs are incurred. Some or all of these costs may be recovered by a buy-sell spread. These can change from time to time, so we recommend you contact a financial adviser if you're thinking of selling or switching.

You can keep up to date with current buy-sell spreads at [plum.com.au](https://plum.com.au)

#### Tobacco exclusion

We're committed to making responsible investment decisions for the benefit of our members. In line with our Responsible Investment Policy, we're looking at ways we can consider Environmental, Social and Governance (ESG) factors in investment decisions.

One environmental factor is tobacco production and manufacturing.

Our Plum investment options have had minimal exposure to tobacco companies in recent years. From October 2021, we will no longer allow investment managers to invest in companies with material exposure (over 5% of total revenue) to the production and manufacture of tobacco, for several of our Plum options. There may, from time to time, be a small level of unintended exposure across some of the asset classes (such as unlisted assets, alternatives and Private Equity).

You can view the full list of impacted investment options at [plum.com.au/tobaccoexclusion](https://plum.com.au/tobaccoexclusion)

This exclusion won't change the fees or costs of the impacted investment options.

We'll continue to look at ways we can consider ESG factors with our investments in future.

#### Trustee

NULIS Nominees (Australia) Limited

## Things you should know

As at 30 June 2021

### Correction to the benchmark asset allocation range for MySuper

We incorrectly displayed the asset allocation range for global shares in the October 2018 NABGSF Product Disclosure Statement (PDS). The asset allocation range for global shares across hedged and unhedged was a collective 20-40%. We displayed it as 20-40% for both individual asset classes. We fixed this in the July 2019 NABGSF PDS.

This didn't impact how funds were invested and was only a mistake in our PDS. It was correctly displayed in our Investment Menu.

### Clarification on how we process withdrawals

We've had some feedback that we weren't as clear with you as we could have been about how we process withdrawals, particularly with what unit price is used to process the transaction.

When you make a withdrawal, the transaction will generally be processed using the unit price for the day the Trustee receives relevant documents and all requirements have been met. For example, if we received your withdrawal form and certified identification on 1 July 2021 and everything was completed correctly, we would generally use the unit price for 1 July 2021 to process your withdrawal.

### Reclassification of growth assets

We've adjusted how we classify some of the asset classes, which make up the growth and defensive mix of an investment option. Unlisted property, unlisted infrastructure, and growth alternatives are now considered 75% growth and 25% defensive assets while they were previously grouped as 100% growth assets. Reclassifying these asset classes as partly defensive is consistent with the direction being taken by the industry and the desire to achieve more standardised treatment of these asset classes.

The table below breaks down the growth asset classes that were reclassified, effective **1 June 2021**.

Previously 100% growth assets	New classification	
	Growth assets (%)	Defensive assets (%)
Unlisted infrastructure	75	25
Unlisted property	75	25
Growth alternatives	75	25

### Changes to Strategic Asset Allocations and ranges

We're always looking for ways to either improve returns or reduce risk in our portfolios. As a result of a recent review, we've made changes to the Strategic Asset Allocations (SAAs) for the following investment options. Since our previous review we've experienced complex market environments and changes in the competitive landscape. We believe these changes provide our members with better returns for the risk taken, and help position these investment options to deliver long-term competitive investment outcomes for members.

The new SAAs are shown in the table below, and were effective **1 June 2021**.

Asset class	Capital Stable (%)	Balanced (%)	Growth / NAB Staff MySuper (%)	High Growth (%)
Australian Shares	10	18	25	42
Global Shares	8	15	20	28
Global Shares (hedged)	3	4	9	16
Property	7	7	8	5
Private Equity	1	4	5	6
Infrastructure	5	6	7	3
Growth Alternatives and other	3	3	6	0
Defensive Alternatives and other	8	8	7	0
Fixed Income	42	26	9	0
Cash	13	9	4	0
<b>Growth assets</b>	<b>33</b>	<b>53</b>	<b>75</b>	<b>98</b>
<b>Growth asset range</b>	<b>20–50</b>	<b>40–70</b>	<b>60–90</b>	<b>90–100</b>
<b>Defensive assets</b>	<b>67</b>	<b>47</b>	<b>25</b>	<b>2</b>
<b>Defensive asset range</b>	<b>50–80</b>	<b>30–60</b>	<b>10–40</b>	<b>0–10</b>

### Keeping up with communications

We want to take away the complexity and make it as simple as possible for you to get active with your super. Whether it's communicating better by email, personal opportunities to hear about your fund or further improving our online support, we're committed to making it easy for you to get involved.

Read about some of the ways you can stay up to date with your super here.

#### Have you downloaded the Plum app?

We're always looking for ways to help you stay on top of your super.

The Plum app does just that—letting you check your super balance whenever you want.

Download it from Google Play or the App store today.

#### Financial Wellness Hub

Access educational and interactive content. View a webinar, listen to a podcast, or join one of our panel discussion events. You can also schedule a phone conversation with our Super Consultants at a time that suits you.

To learn more go to [plum.com.au/financial-wellness-series](https://plum.com.au/financial-wellness-series)

#### The value of financial advice

Nothing beats specialist financial advice to make sure all aspects of your personal financial situation are considered before making decisions about your super and investments.

Your financial adviser can review your investment strategy to make sure it still suits your investment objectives as well as help you understand any tax or other implications. After all, nobody wants to deal with an unexpected financial problem as a result of not being informed.

Don't have a financial adviser? Give us a call and we can put you in touch with one.

We also recommend you review your Product Disclosure Statement before making any changes on your account.

#### Get to know your super with your annual statement

Knowing what you've got now and discovering what's possible can help make your future great. We've put together a short video to get you started—it's your money after all.

Watch the video at [plum.com.au/statements](https://plum.com.au/statements) and discover eight important areas of your statement to review and check that your super is on track.

### Important information

This is intended to provide general information only and has been prepared by NULIS Nominees (Australia) Limited ABN 80 008 515 633 (AFSL 236465) (NULIS) without taking into account your objectives, financial situation or needs. NULIS is part of IOOF Holdings Ltd ABN 49 100 103 722 and its related bodies corporate (IOOF Group). Subject to super law, the final authority on any issue relating to your account is the Fund's Trust Deed, any relevant Participation Agreement, and the relevant insurance policy, which govern your rights and obligations as a member. You should, before acting on this information, consider the appropriateness of this information having regard to your personal objectives, financial situation or needs. We recommend you obtain financial advice specific to your situation before making any financial investment or insurance decision.
