Level of investment risk ¹	Medium to High. Negative annual returns expected in 3 to 4 years out of every 20.
Statement of fees and other costs ²	Super: \$593 pa

- The return target and level of investment risk measures are calculated using a model based on how we generally expect investment markets to perform over the long term. The actual performance will vary from our model, and from year to year. The actual return received in any year will be different to the return target, and may be negative. Including the Consumer Price Index, the current return target is 4.39%.
- The statement of fees and other costs is for a representative member who is fully invested in MySuper, who doesn't incur any activity fees during the year and who has an account balance of \$50,000 throughout that year. It excludes investment gains/losses on the \$50,000 balance. Lower fees may apply in your circumstances. Fees and other costs reported is comprised of:

Fee/Cost Description	Amount	Fee/Cost Calculation Basis
Administration Fees:	\$103.00	\$1.50 per week plus 0.05% of account balance (includes 0.02% Trustee Levy)
Indicative Investment Fees:	\$325.00	(0.65% of account balance)
Estimated Indirect Cost Ratio:	\$165.00	(0.33% of account balance)
Total	\$593.00
