The right type of cover for you

We encourage you to take this opportunity to review your super insurance cover.

As your circumstances change, you may need more, or less, cover. For example, an expanding family or a reduction in personal debt may differently influence your choice in the type and amount of cover you have.

The type and amount of insurance cover that's right for you depends on your personal, family and financial circumstances, as well as your income and lifestyle.

And these factors can change – that's why a regular review is so important. Log in to your account at plum.com.au at any time to check your current insurance arrangements and personal details.

Keeping your details up to date

The information we hold about you helps us determine your insurance cover. If your Occupation, salary, nature of your Employment, or any other personal details change, or are incorrect, it could impact your cover, premiums and your ability to claim.
