

Hello from the Plum Super team.

First of all, we'd like to congratulate you on your new job. It's an exciting time starting at a new company—we hope you're settling in well.

Your employer has partnered with us to create a super plan that's tailored specifically for you as their employee. They want to help you grow your long-term savings and achieve your retirement goals.

Your employer's Plum Super plan is part of your employee benefits, and we'd like to give you a quick overview of who we are and what benefits you can receive if you join us.

Plum Super is one of Australia's leading corporate super providers. Together with your employer, we've designed this plan to provide you with tailored admin fees and investment and insurance options you can select to meet your needs.

We recommend checking out the *Get-To-Know* flyer which outlines the key features of the super plan. It also has a guest login which lets you view introductory videos and detailed plan documents. The flyer will be available as part of your induction pack from your employer.

As a new employee, joining Plum Super is easy. Your employer will set up an account for you unless you instruct them otherwise by completing the *Superannuation (super) standard choice* form.

If you've already chosen another super fund but would now like to join your employer's super plan, you just need to instruct your payroll to make the change.

If you have any questions, go to plum.com.au or call us on 1300 55 7586. We can step you through the plan arrangements or put you in touch with a financial adviser to guide you.

We look forward to hearing from you.
